

## NATIONAL DECLARATION OF CONFORMITY No. 1

1. Construction product manufacturer: Galeco Sp. z o.o., ul. Uśmiechu 1, 32-083 Balice.

2. Production plants:

1. ul. Uśmiechu 1, 32-083 Balice, Poland,
2. ul. Jagiellońska 43b, 32-410 Dobczyce, Poland,
3. ul. Łukasiewiczza 43, 38-460 Jedlicze, Poland,

3. Name of the construction product:

Roof gutters and uPVC equipment.  
**Galeco uPVC gutter systems.**

4. Statistic classification of the construction product:

PKWiU (the Polish Products and Services Classification): 22.23.19.0

5. Intended use and scope of application of the construction product:

Roof gutters and elements of equipment made of an unplasticized polyvinyl chloride (uPVC) are intended for rainwater disposal.

6. Technical specification:

The Polish Standard PN-EN 607, November 2005, "Roof gutters and uPVC elements of equipment. Definitions, requirements and tests"

7. Declared technical characteristics of the construction product type:

Consistent with technical specification:

- a) quality of the surface – clean, smooth, no scratches,
- b) Vicat softening point – above 75 degrees Celsius,
- c) negative thermal expansion below 3%,
- d) tensile strength – minimum 42 MPa,
- e) elongation at rupture – above 100%,
- f) impact strength consistent with attachment B of the technical specification,
- g) impact resistance measured with the Charpy impact test minimum 30 KJ/m<sup>2</sup>.

8. Name and number of the accredited certifying authority or laboratory or a number of the certificate or report on product type testing, provided that such authority participated in the applied system of assessment of a construction product compliance:

ITB (AB050), report no. LOW/032/2006

I declare with full responsibility that the construction product is consistent with the technical specification indicated in point 6.
